

KOSCIUSZKO CHALET · HOTEL

CHARLOTTE PASS · AUSTRALIA

Since the inception of the Snowy Ride the organisers have made accommodation one of their main priorities and although not perfect we have been very successful. One thing we have strived for is to give riders value for money and something different.

We feel that we have come up with another one, Charlotte Pass.

In the past Charlotte Pass has been a winter only resort which is only accessible by over snow transport. However the new owners are keen to see this fabulous venue become a year round resort and are making the 2008 Snowy Ride its inaugural summer opening.

Charlotte Pass is a bit out of the way so you won't be kept awake by passing traffic. It's also at the end of one of the best rides in the area and from the top of the chair lift you look across to Mount Kosciuszko which is only 500m higher.

Kevin and the crew are thrilled to have The Snowy Ride at Charlotte Pass and have been very generous to the Steven Walter Foundation and so we're keen to fill it. The resort can accommodate and cater for around 120 people so if you are looking for something different then don't leave it to late to book.

We have also decided to put a checkpoint at Charlotte Pass opening at 8am and closing at 2pm
